

# YEARBOOK SENIOR ADS

*Take advantage of early bird pricing by March 1*

Jan. 25, 2024

Dear Senior Parents,

For years, parents of seniors have purchased ad space in the back of the yearbook to send personal messages to their graduate. These ads can feature writing, pictures or graphics. Several years ago, we made some exciting changes for how the ads were created to allow families more flexibility using on-line ad creation with our yearbook company Herff Jones. Since that time we have sold out of our allotted ad space each year.

There will be a few pre-set options that we have put in place such as a specific font/color for your student's name and a set of fonts and color for the message. We do this to ensure that designs have a similar look to the rest of the book. However, each ad size has many templates to choose from. If you prefer a half page ad with 6 smaller pictures ... you can do that. Full page with 10 pictures ... yes. Quarter page with one big picture ... you can do that too. Between the four ad sizes offered there are over 60 templates to choose from along with several fonts.

To get started you will first need to go to the order web site and create an account (see in **red** below). Payment will also be made through the web site. Once you have created an account you can start designing. There is a short video provided that shows the process as well as detailed instructions. You won't pay for the ad until you are finished and are ready to submit the final product. You can also contact Herff Jones directly for help with the process (1-866-287-3096). Make sure your design is fully complete and paid for by the deadline to avoid any price increases.

My staff and I are also willing to help. We can even do the design process for you, however, you will first need to sign up for an account and share that information with us. We can also help scan pictures if you have older prints from when your senior was a little one.
